

Splendid 1000

8 Year Guarantee

8 year guarantee on all mattresses purchased with a recommended divan base.

Mattress

1000 Pocket Springs – The upper part of the spring shapes to the body contours while the lower part absorbs changes in weight distribution for the ultimate in comfort and support. Pocket springs work independently to avoid roll together. Side Support System – Support system of foam encapsulation so you can enjoy sleeping across the whole of your bed. A high density foam strip placed inside the edge of the mattress springs, prevents the mattress from sagging and gives both longer life to the mattress and a more supportive sleeping area. This also means that you have more edge to edge support on the mattress.

- White Fibre Layers – A dust free white fibre filling is added to the mattress to provide softness and resilience. White fibre is formed into a deep layer for guaranteed quality and softness.
- Bio-Protect Technology – This is a probiotic fabric treatment that will provide natural protection from allergens, bacteria growth and dust mites. This treatment also reduces unwanted odours which will promote a fresh and healthy mattress night after night.
- Quilted Soft Knit Cover – Upholstered in a soft knit cover that has a quilted sleeping surface to provide soft cushioning and added comfort.
- Flag-Stitched Handles – Handles on both sides for ease of positioning.
- Easy Care – No turn, but regular rotation from head to toe is recommended to extend the mattresses life span.
- Mattress Depth - 26cm
