Verso

ercol

Verso was designed around a single flowing line which leads your eye around the cabinets. A simple arc cut in a corner of each door and drawer acts both as a handle and as a decorative detail. The resulting graphic shapes create a sense of flow and movement - 'verso' means 'towards' in Italian. These rounded shapes are accentuated by the contrasting metal backing panels - on natural finishes the back panels are black, and on dark stained cabinets a brushed brass plate is used. Radiused top corners, long turned posts and rounded legs complete Verso's friendly aesthetic, a practical, graphic cabinet range that is both current and timeless.

Finishes: Whitened NM – Clear Matt CM – Straw ST – Light LT – Golden Dawn GD – Darkened DA – Dark Wood DK – Black BK

A matching dining table & bench - sits perfectly with the Verso range - available to order - please enquire. The collection is available in the new lightened or darkened finish along with the standard ash finishes and the bench is available with or without a fixed upholstered pad with options from the ercol collection fabrics.
