A Family Business

For over 160 years, the Julian Foye brand has remained dedicated to excellent furniture, delivering the quality you deserve from brands you can trust.

Since the company was founded in 1862, Julian Foye has remained a family-focused business. Edmund Julian, the company's founder, was born near Bodmin. After Edmund's passing in 1900, control of the business was passed to Jesse, his second son. As Mayor of Fowey, Jesse's success in business aided the company's growth and in 1945 Julian Foye became a limited company.

After Jesse's death, control of the company passed to manager Gordon Dorrington who eventually invited his son-in-law Mike Ellis to join the firm. Mike led the development of Julian Foye from the 1970s until his retirement in 2004, when his daughter Annette Thomas became Managing Director. Julie Ellis, Mike's younger daughter, also has a key role in the Julian Foye business as the Company Secretary. In 2017, Annette's son Robert Thomas joined the company, bringing the

fourth generation of the family into the business, in his role of manager at the Truro branch.

Since those humble beginnings, Julian Foye has grown into one of the largest and well-known

furnishers in Cornwall, with four unique showrooms across the county and expertly knowledgeable staff – all of whom are proud of Julian Foye's heritage and history.

Our Ethos

You can trust Julian Foye to provide you with unbeatable service at every step of your furniture journey.

Price Match Promise

We have all the major brand-name furniture at competitive prices, backed by a Price Match Promise. Seen the product you want somewhere else for cheaper? Bring it to us and we will match the price.

Design Service

Each of our showrooms are staffed by knowledgeable sales advisors who are more than happy to offer help when needed. Specialist designers can help you style your home, from curtains, carpets and colour schemes even down to the smallest details.

Free Delivery*

Enjoy free delivery in Cornwall and West Devon, plus assembly and positioning of your new furniture by our own dedicated team. We remove all the packaging and recycle the cardboard and plastic wrapping. For a small pre-arranged fee, Julian Foye will also conveniently remove your old furniture.

**excludes outlet items*

Holding

Delayed or changed plans are no problem with Julian Foye. If you're not quite ready for your furniture, we will hold it for up to three months free of charge.

Sustainability

At Julian Foye, we are dedicated to taking steps to ensure a greener future. We subscribe to a Recycling Scheme, which means any furniture we collect from you will be cleanly processed. All of our showrooms are equipped with solar panels and we are also moving to LED lighting inside all of our stores.

Julian Foye Guarantee*

Items purchased from our four showrooms are covered by product guarantee against fault of defective manufacture. The main structure is covered for five years, while all over components are covered for two years.

Our Services

Expert Carpet Fitting

At Julian Foye, we specialise in 80 and 100% wool carpets: which gives unbeatable bounce back, softness and cleanability.

Your new carpet deserves expert fitting. Our directly employed carpet fitters are trained, assessed and examined to the highest standard by the National Institute of Carpet and Floor-layers, and Stuart and Darren are qualified NICF Master Fitters.

Measure and fitting is free of labour charge, subject to a minimum value. You can trust our carpet experts to install your new carpet with care, clean and vacuum afterwards and – for a small charge – take your old carpet away. If you live away from Cornwall, you can rely on Julian Foye to complete the work in your absence.

Stain Protection

Protect your new furniture from stains and spills. For a small cost, Staingard's five year service programme covers accidental damage and staining.

Aquaclean is a revolutionary stain release technology. A protective treatment has been incorporated into every fibre of the fabric with an invisible molecular layer, acting as a cleaning facilitator. As a result, it simplifies the cleaning process and enables the majority of household stains to be removed with just water. Aquaclean fabrics come in a vast variety of colours and patterns, and are available on a huge range of furniture at Julian Foye.

Second Home Services

Our staff can supervise with the installation of carpets, curtains, blinds and furniture for your home away from home.

Décor and Design

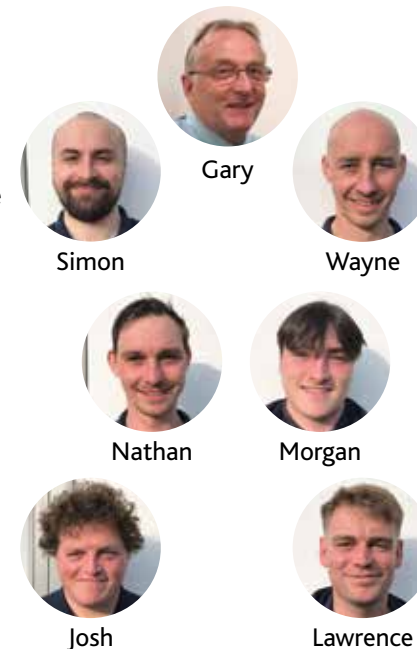

All of our team are dedicated to helping you achieve your interior design dreams, from colour coordination to accessories that express your style. If you have an idea of a specific style or trend, ask for a consultation at any of our showrooms, free of charge and often possible without an appointment!

Delivery

Customers in Cornwall and West Devon can enjoy free delivery from our reliable, trained delivery team. Our first class service means your new furniture will be delivered and placed carefully in a room of your choosing, with all packaging and installation material removed. For a pre-arranged fee, the delivery team will also remove your old unwanted furniture as part of our Recycling Service. If your room of choice is difficult to access, a home visit can be arranged prior to ordering so that our team can assess the best way to safely deliver your new product, even to tight areas.

All deliveries are organized by Gary Davies, who can answer your delivery queries on **01726 810150**.
