Memphis desk

A functional and contemporary design the Memphis desk is crafted from solid hardwood and veneers and finished with durable lacquer. The splayed front legs of the desk highlight the natural grain of its wood construction against its smoothly finished veneered top. Two drawers serve not only as a design detail but also provide convenient storage space, while the covered cable hole at the back allows you to keep your cables neatly organised. The design incorporates a convenient open shelf storage under the top of the table, ideal for placing all your stationary, books and work essentials

Choice of finish – Natural Light Oak or Clear Matt Walnut

Size

126 x h 91 x 66cm
