

Vern recliner & stool

Swivel

Manual Effortless Recline

Ergonomically Sloped Ottoman

Flex Headrest

With its compact profile, the Vern recliner is a welcoming chair for smaller and medium sized users.

In high-quality leather covers, each with its own intricate effect and finish. Explore the endless possibilities and create the perfect finishing touch for your furniture.

Prime is a top grain and dyed through leather, with a thickness between 0.8- 1.0mm. Most of its natural marks were removed, once it has been corrected, pigmented and grain embossed to create a uniform appearance in both colour and texture. A protective top layer of lacquer simplifies cleaning and enhances the performance and longevity of this leather quality.

Trend is a luxurious top-grain leather with a thickness of between 0.9-1.1mm. Slightly corrected, this means that part of the natural defects have been removed, and the leather treated to provide a smooth grain structure and soft feel. One of the most popular leathers, Trend is available in a range of attractive colours to suit your interior.

Clean and contemporary, the Vern recliner is perfectly proportioned to suit small to medium size customers, who are looking for a chair that balances modern Norwegian design with exceptional, lasting quality. Neat and simply styled, the chair has a lightweight and compact silhouette, ideal for a room of all sizes. Finished with a steel star base and complementary steel detailing on the side panels for a look that's undeniably sleek.

'Just right' headrest

Support your head and neck in the perfect position by fine-tuning the angle of the headrest with our unique adjustable system.

Comfort Glide™ system

Recline effortlessly and smoothly with our frictionless patented system, simply by applying your body weight.

360° Swivel

Effortlessly rotate the chair in either direction, with the peace of mind of absolute stability, thanks to our smooth 360-degree swivel mechanism.

Freestanding Footstool

Ergonomically designed to provide the best support, the footstool plays an essential part in making you comfortable. Freestanding so it can be positioned to suit your leg length, angled for better blood circulation.

Cold-Cure Foam Cushioning

For lasting comfort and durability, this space-age material, encasing the recliner steel frame and springs, is moulded to create a contoured silhouette, that holds its shape for the lifetime of the foam. Ensuring better ergonomic support for your body giving comfort that lasts.

Customise to your style

Get your perfect look by selecting from a choice of leather, fabric, metal and wood finishes to suit your home and style.
