## Yale manual recliner

**Integrated footrest:** Conveniently extends to provide comfortable leg support.

An icon of modern Scandinavian design, the Yale recliner has a streamlined silhouette, with slim back and arms - so it's equally suited to contemporary or timeless interiors. The sleek star base, in steel for lasting strength, comes in a range of finishes so you can tailor the look to your room and it's effortlessly comfortable too.

W 74 x H 102 x D 84cm

10 years on molded foam cushions and steel frames  
5 years on mechanisms  
2 years on motor and battery-parts  
2 years on leather and fabric covers

DESIGNED IN NORWAY

The Yale balances contemporary sophistication with exceptional comfort, comes with a choice of striking back and arm designs that brings Norwegian style to any room in your home. Whichever design you choose the attention to detail is the same, from a back and footrest that operate independently, an adjustable headrest pillow.

### **'Just right' headrest**

Support your head and neck in the perfect position by fine-tuning the angle of the headrest with our unique adjustable system.

### **360° Swivel**

Effortlessly rotate the chair in either direction, with the peace of mind of absolute stability, thanks to the smooth 360-degree swivel mechanism.

### **Adjustable reclining backrest**

Effortlessly recline and change the back angle to suit your needs.

### **Lean back and stretch out**

Relax without having to release the footstool thanks to the unique independent back and footrest system. A slight push on the arm, and the footrest unfolds smoothly. When you want to close the footrest just lean forward slightly, and effortlessly push the footrest down and in.

### **Cold-Cure Foam Cushioning**

For lasting comfort and durability, this space-age material, encasing the recliner steel frame and springs, is moulded to create a contoured silhouette, that holds its shape for the lifetime of the foam. Ensuring better ergonomic support for your body giving comfort that lasts.

### **Norwegian quality**

From the reclining mechanism with integrated footrest, to the construction based on a hard wood and steel frame encased with a unique moulded foam.
