Solo simply oozes elegance whilst the soft upholstery offers relaxation and comfort to help you unwind and enjoy a moment of peace. The range offers different modules which make it simple to configure the perfect sofa for your home.

Solid wood and wood materials make up the load bearing parts of the frame, surfaces lined with padded cover.

Loose back cushions with a ticking (filled with high-quality filling material, which may contain an admixture of feathers).

Chamber cushions: This model is equipped with high quality chamber cushions. The filling material is held in chambers to prevent it from moving. In order to prevent the filling material from bulging, the seat and back cushions should be plumped up after use, just like you do with pillows.

Scatter cushions are available as an optional extra.
