Cleo

himolla

The Cleo brings a sophisticated atmosphere into your home with its clean look. The sofa is equipped with comfortable height-adjustable headrests – either manually or electrically. The manually tilt angle adjustable headrests as well as the high back provide additional comfort. The sofa is supported by elegant metal runners, which provide a secure stand and act as an attractive eye-catching feature.

A relax function can be integrated into every sofa. This is available with either manual or electric operation. In the electrically operated version, there are discreet toggle switches on the side of the seat, which are necessary to operate the furniture. The separate adjustment of leg rests and backrests additionally provides luxurious comfort in your own living room. Optionally, choose an external battery in discreet silver or anthracite. The Cleo sofa is available in two different seat firmness – soft or medium.

Choose from different fabric covers and different leather covers with which you can give your choice model a personal touch. In addition, you can expect a triple five-year warranty on many covers, foam as well as non-moving, load-bearing parts.

- Manual adjustable inclination angle headrests
- Base: metal skid in stainless steel brushed or anthracite powder-coated
- Seat height: 46 cm
- Seat depth: 53 cm
