Features

- Designed with full powerlift facility to assist sufferers of arthritis, rheumatism, MS, poor circulation and many other mobility restrictions
- Optional LUMBAR ADJUSTMENT for added comfort
- PERSONAL 5 YEAR GUARANTEE on all Recliner actions, frames, motors, handsets and all other electrical parts
- Single-use Emergency Back-up fitted as standard and Multi-use Battery Back-up available at extra cost
- Supplied with castors for ease of movement. Front castors lift away to ensure stability in raised positions. Glides now available as an alternative to castors for solid flooring
- Supplied with removable back to make the task of delivering the Recliner into your home so much easier
- Maximum recommended weight 160kg (25 stone)
- Choice of Soft Covers or Leather

DUAL motor option

The sophisticated Dual Motor mechanism enables you to control the backrest and footrest independently to reach the exact position you want including a near-horizontal full sleeping position (needs a 38cm (15") gap from the wall).
