

himolla Cleo Recliner

Lean back and relax after a hard day with the Cleo Recliner. Create an oasis of relaxation in your living room that exactly meets your needs. Thanks to the numerous variants of the recliner, you can create an individual piece of furniture in a high-quality finish. Discover the recliner that convinces with comfort and thoughtful design.

The standard equipment includes an elastic wave base springing, which is covered by a soft upholstery. Likewise, a comfortable leg rest is integrated in the armchair, the adjustment is optionally electric or manual. A feature highlight is the height-adjustable headrest, which can also be varied in inclination. The model is optionally available in 3 function variants. Decide between manual or electric operation with 2 motors incl. stand-up aid. The motorized variants are controlled by hand switches and bring you into the perfect comfort position for you at the touch of a button.

Various solutions through selected materials

The cover for your new comfort chair is available either in leather or an easy-care fabric. There are many modern as well as timeless colours to choose from. For the frame Himolla uses metal, which ensures a firm stand and stability. The base is available in a star shape (stainless steel look, powder-coated anthracite or bronze) and as a swivel base in three different looks.
