

Curve Cabinet

A traditional display cabinet with glass doors on the top half and veneered doors on the bottom half. The front is slightly curved in a calm and pleasing shape, which gives the cabinet an overall simplicity and elegance.

The display cabinet stands on six slim trapeze-shaped legs in solid wood, which provides great stability and a light look and feel.

An interesting detail is the illusion of four smaller fronts on the bottom half, which are in fact two fronts with a fine carved line running across them. This lightens the look further and accentuates the craftsmanship and natural material.

The cabinet is equipped with great storing space – two glass shelves, one wooden shelf and two LED lights.

Choose from a wide choice of finishes:

Size: 100 x H192 x 37cm
