Consul Office Chair

The wheels on the base make it easy to move around, and there is a lever under the seat that allows you to adjust the seat height.

Enjoy the comfort of Stressless when you are working at home with Stressless Office. The new office line ensures that 40 years of innovation is taken care of in this new office furniture.

The patented Stressless Plus system automatically adjusts the headrest as you recline. Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless Plus system. The sleep function is activated with one simple movement to lay the headrest flat. For unbeatable comfort, you set the Stressless wheel once and change your sitting position by using your own body weight. Comfort Zones give you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner. Your Stressless Office chair can easily and smoothly be height-adjusted by using the handle under the seat. The base with wheels is carefully developed and designed to give optimal stability and freedom of movement.

Choose a colour from the wide range of leathers available in the four categories – 71 colours or fabrics – 51.

Size – seat height 47 – 54cm

W 76 x H 112 / 119 x D 71cm
