Aosta

ercol

Aosta's slimline design makes it suitable for smaller spaces; a wide range of sizes, including chaise options, means there's an Aosta sofa for every living space. The tufted bench-style cushions create a sleek, minimal feel to match the clean lines of the frame. Timber legs made in solid oak, available in a light and dark finish, each piece of the Aosta collection will fit with any décor.

Back cushions reversible – seat interior foam – back interior fibre – scatter interior feather.
