CONFIGURATIONS

Below are examples of possible configurations. You can add as many modules as you would like, as long as each end is finished with an arm or end module.

CONFIGURATIONS WITH CORNER AND END/CENTER MODULES

The Stella Longseat can only be attached to a 1s, 1.25 and 2 seater, and must be finished with a stella arm, not another seat module. It is not possible to have a longseat both sides of a seat unit.
