

# Barola Sideboard

---

NATURAL LOOK,  
MODERN INTERPRETATION.

The grain: so traditional with timeless beauty.

The craftsmanship: so authentic with such attention to detail.

The options: so varied and individual. Oak light real wood veneer combined with slightly grey tinted Parsol glass doors: for a stunning impression. Also available with glass side panels. With subtle accent lighting!

BAROLA is a superb blend of furniture design expertise and the finest craftsmanship. The elegantly formed wooden underframe is remarkable in itself: gently angled at the sides and set back slightly under the furniture, it creates an extraordinary feeling of lightness when combined with a concealed LED light strip.

Handles in metal anthracite.

Available with ambient lighting on request. Operated using touch light sensors positioned on the side of the body.
