Abbot Riser Recliner

The Abbot Riser Recliner's two motors provide two different actions. The first motor reclines the backrest along with an integrated footrest. The second motor provides the lift and rise action of the entire chair.

Norwegian design ensures to provide comfort as well as aesthetics to suit all tastes. The cushions are made with Cold-Cure moulded foam, a unique technology that ensures durability along with support and comfort. To add to your comfort, a multi-flex headrest allows you to find the perfect position.

The riser recliner is available in two sizes which allows you to find the fit that is perfect for you.

Available in a choice of leathers.

Size

Medium: W80 x H106/143 x D90cm

Large: W84 x H106/143 x D90cm
