Mayfair Office Chair

Soft cushioning and sublime support help you focus on the task and work more efficiently.

Home Office chairs have the same functions as a Stressless® recliner, offering good lumbar and head support both when you sit upright and when you recline. Stressless® Mayfair Home office has wheels that make it easy to move around and you can adjust the seat height to find the perfect position.

The patented Stressless® Plus system automatically adjusts the headrest as you recline. Anatomically correct lumbar support in all positions – synchronises with the neck support function as part of the Stressless Plus system. The sleep function is activated with one simple movement to lay the headrest flat. For unbeatable comfort, you set the Stressless wheel once and change your sitting position by using your own body weight. Comfort Zones give you a better seating comfort, as the indentations let you sink deeper into the seat and back of the recliner.

Your Stressless® Office chair can easily and smoothly be height-adjusted by using the handle under the seat.

Choose a colour from the wide range of leathers available in the four categories or fabric.

Medium Size – adjustable seat height 46 – 53cm

W 79 x H 111 / 118 x D 70cm
