

Barrett riser recliner chair

This stylish Riser combines soft, pillow arms and full-width 'chaise' seating with a contoured, fibre-filled back to give ultimate support and comfort. It is offered in four sizes, in both Soft Covers and Leather, with Tri-motor Cloud Comfort, Dual-motor or Single-motor control. For increased individual comfort choose the Head Tilt and/or Lumbar Adjustment option to tailor your recliner to your exact requirements. The Petite size is especially designed with a shallower seat and a lower seat height for the smaller user.

- *Designed with full powerlift facility to assist sufferers of arthritis, rheumatism, MS, poor circulation and many other mobility restrictions – Maximum recommended weight 16kg (25 stone)*
- *PERSONAL 5 YEAR GUARANTEE on all Recliner actions, frames, motors, handsets and all other electrical parts*
- *Optional LUMBAR ADJUSTMENT for added comfort*
- *Optional HEAD TILT for adjustable head support*
- *Single-use Emergency Back-up fitted as standard and Multi-use Battery Back-up available at extra cost*
- *Supplied with castors for ease of movement. Front castors lift away to ensure stability in raised positions. Glides now available as an alternative to castors for solid flooring*
- *Supplied with removable back to make the task of delivering the Recliner into your home so much easier*

The sophisticated Dual Motor mechanism enables you to control the backrest and footrest independently to reach the exact position you want including a near-horizontal full sleeping position (needs a 38cm (15") gap from the wall).
