

Paramount

10 years - On moulded foam cushions and steel frames
5 years - On mechanisms
2 years - On motor and battery-parts
2 years - On leather and fabric covers

Relaxer

Higher Grade Foam

Created through cold-cure foam technology, this ensures ergonomically correct seating posture and support which lasts.

Comfort-Precision Flex Headrest

Adjustable head and neck support gives you the ultimate comfort in all seating positions.

Effortless Recline

The back recline and integrated footrest can easily be released and operated manually or upgraded to power.

Steel Interior Springs

Steel springs located throughout the back and seat provide optimum support whilst cradling the body.

Glide Function

Allows the chair to adjust according to your natural body movements, distributing support across the body and reducing tension.

Swivel Function

Enabling you to turn in any direction with ease to ensure you never miss a moment.

Solid Construction

A steel and hardwood frame provides durability and strength.

Finger Guard Feature

Protective plastic covering over reclining mechanisms to reduce the risk of injury to yourself, children or pets while using the recliner.
