## Pebble Coffee Table

# ercol

The fluid curves and tapered legs of the ercol Collection 'pebble' nest of tables, has inspired a new coffee table. The nest was designed in the mid 1950's by ercol's founder Lucian Ercolani, the coffee table is a larger stand alone or combination piece that offers a simple and distinctive design which reflects the design heritage of this piece. Available in a choice of wood finishes and now ercol have partnered with Grown in Britain (GiB) to be able to offer this table in solid British-certified ash.

### Size

Width 91cm

Height 44cm

Depth 66cm

Solid Ash in choice of finish
